

Candidate for Secretary position

Dr Michelle Attard Tonna
Faculty of Education, University of
Malta.

I am interested in serving in the role of Secretary of the Executive Committee because I feel that I could contribute to this network. It will put me in a better position to communicate with the different members, to become familiar with ISATT's vision and to push ISATT's agenda.

If I am entrusted in this role, I will do my utmost to:

- continue the good work of my predecessors
- represent all members in this network
- reach out to new potential members in a bid to make ISATT stronger
- ensure that the field of teachers, teaching and teacher education receives the visibility it deserves
- strive to develop new and more creative / dynamic research opportunities which are also inter-disciplinary and comparative
- collaborate with all stakeholders including practitioners, academics, researchers and education authorities.
